WHO WE ARE

We are survivors of trauma and allies who believe in the worth and purpose in all people.

WHAT WE DO

We equip survivors of trauma to create successful lives through education, encouragement, empowerment and community.

WHY WE DO IT

We have created real success in healthy relationships, wellness, peace, joy, and financial sustainability, and we want to help others do the same.

OUR PROGRAMS HELP HEAL TRAUMA

LOVE IS ACTION COMMUNITY INITIATIVE

LIA is a public/private, faith-based community initiative that gives everyone safe and effective ways to help prevent child abuse, suicide, homelessness, and other societal ills that harm us all.

YOUR REAL SUCCESS

Is a program for finding your purpose, mining the lessons out of what you've been through, living your passion, and creating your uniquely successful life.

WHY WE'RE DIFFERENT

We've reached thousands of people since our founding in 2010 with no funding and all volunteer efforts. It's now time to hire paid staff to be able to do so much more.

**There is unimaginable need
that is beyond the capacity
of our all-volunteer staff**

**Childhood TRAUMA is often at the core of
homelessness, substance abuse, human
trafficking, and other societal ills. We know
how to mine the lessons from trauma and use
them to create successful lives.**

Our proposed Executive Director has a 360 view of childhood trauma

Amber Jewell, LMSW, is a successful survivor of severe childhood abuse. She was a foster child, and was adopted by a loving family.

Amber became a social worker, a child advocate, and an educator, and she and her husband, Mike, became foster and adoptive parents of a young foster child and a college-aged foster alumni. She is the author of the book, FINDING HOPE—the 12 keys to healing hardship, hurt & sorrow

Amber volunteers as many hours as her work and family obligations allow as SSF's Board Chair and acting Executive Director. To meet the overwhelming need, we want to ask Amber to leave her job to join SSF full time, but **we can't do it without your help.**

Our proposed director of abilities knows how to succeed with disabilities

Melissa Ortiz is a successful survivor of childhood trauma due to severe disability. She was born with spina bifida, but that hasn't stopped her from creating personal and professional success.

Melissa is an educator. She is married to her sweetheart and has achieved much for Americans with disabilities as the Commissioner of the Administration on Disabilities for the Trump/Pence administration.

Melissa holds degrees in criminal justice and broadcast journalism and elementary and secondary education certificates.

She is willing to unleash her talents, indefatigable determination and intimate expertise in living successfully with disabilities to help people who live with disabilities, but **we can't hire her without your help.**

Expand The Love Is Action Community Initiative

Expanding into communities throughout the US means that children are safer, families are stronger, and communities are better.
